## 敬希同好指导

余自少对书画产生兴趣，惟数十载因谋生苦无机会接触，至晚年退休移民加国，始有暇涉猎书画一、二。经临摹自习，更蒙颜老师不弃赐教，对书画方略有所体会，敬希同好指导。

I hope to respectfully benefit from advices

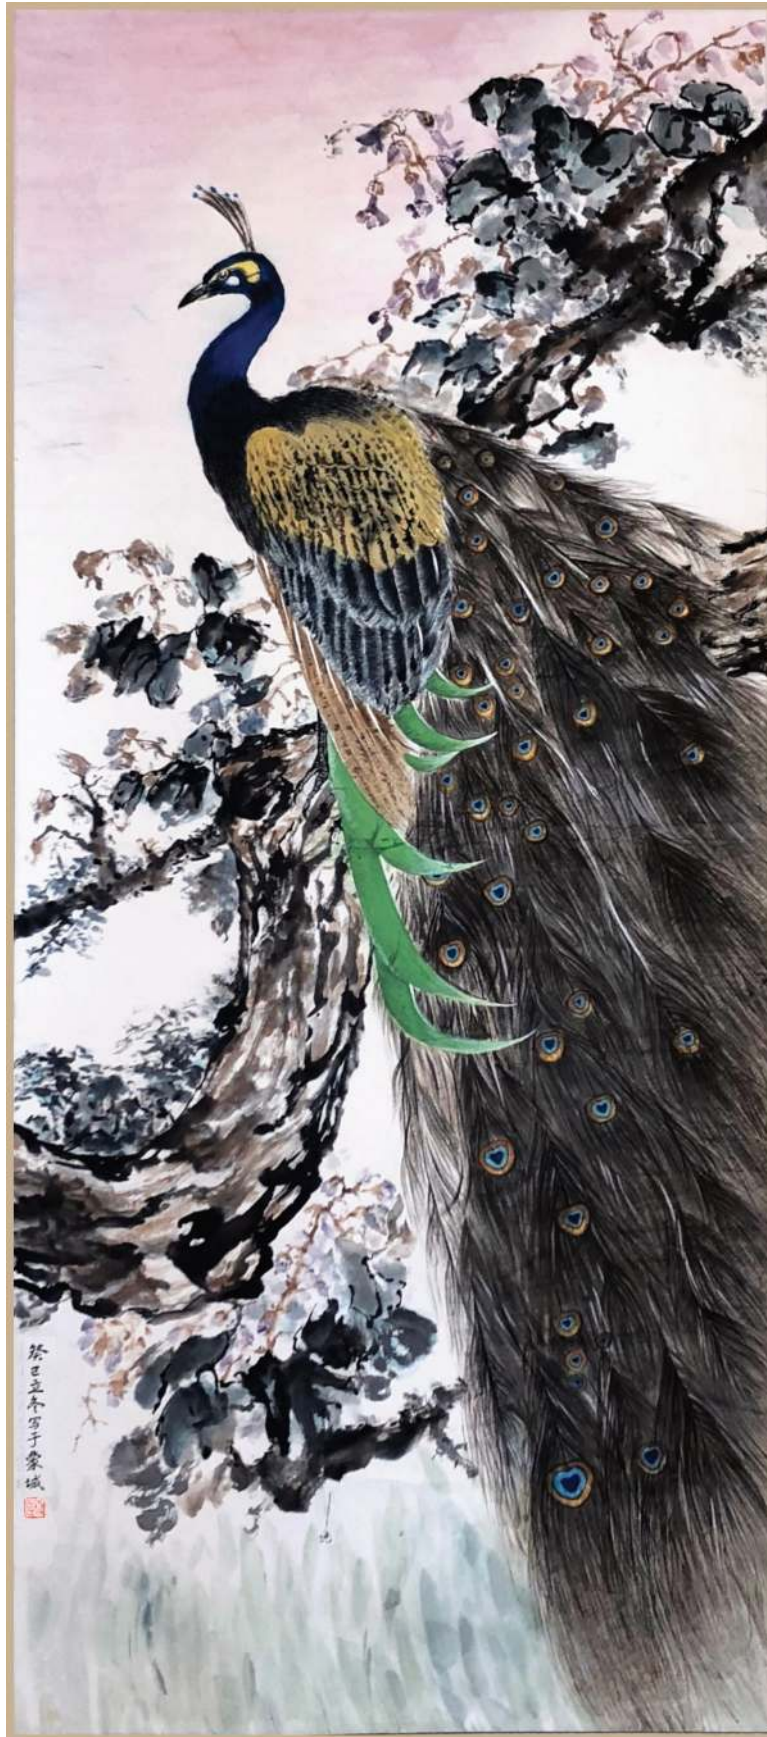

In my young age, I have been interested in Chinese calligraphy and painting, but for decades, I had no chance to get in touch with these arts because of the hardships in my life.

After my retirement, I immigrated to Canada, and began to approach calligraphy and painting. Putting the effort of self-study and with the insight of teacher Ngan Siu-Mui, I start to better understand the arts. I hope to respectfully benefit from advices from those who share my enthusiasm for these great arts.
